

6th Grade Virtual Transition

Tuesday, May 19th and Wednesday, May 20th

How many periods are in a day? What are Fire/Ice classes? How is lunch? These are probably some of the questions you have about moving up to the middle school. Join us at the virtual transition where you can ask all of these questions and more. You will enter a zoom session with other students from your homeroom. During the zoom sessions, you will be able to talk current 7th and 8th graders about the middle school. Each session will have either a principal or school counselor to help answer questions. Also, during the week check out the NAMS website for student made videos with information about the school.

How Does it work?
