Dear Families,

Research has shown that children who are in classrooms with well stocked classroom libraries are likely to read more, and become better readers. We are in the process of building our classroom libraries at N.A.I.S.

As you are "Spring Cleaning" this year, we are asking students to bring in as many books as they can to donate to our classroom library. These will be permanent donations. Students will receive "Nazzy" coins or bucks for each donation made. Please make sure that book donations are in good condition, appropriate for our grade levels, and that you have given your child permission to donate the books.

Any resources you can offer are greatly appreciated. Thank you for your continued support both at home and in the classroom!

Sincerely,

Mr. Yanek, Principal
